

Darrel Krehbiel Receives CPC Accreditation

Darrel Krehbiel, owner/president of Premiere Billing Management, has been awarded the nationally recognized and prestigious title of Certified Professional Coder and billing expert (CPC).

To receive the designation, Mr. Krehbiel had to complete a yearlong comprehensive study and passed all testing requirements. The CPC represents a comprehensive study of the ICD-9-CM (International Classification of Diseases 9th Revision Clinical Modification), CPT (Current Procedural Terminology) codes and the HCPCS (Healthcare Common Procedural Coding System).

The CPC credential demonstrates a broad encompassing knowledge and expertise in reviewing and assigning the correct code of physician services, procedures and diagnosis for medical claims in the physicians-office setting. It validates an individual's ability to assign codes based on national coding guidelines and operative reports, comprehensive medical terminology and human anatomy and apply billing reimbursement guidelines.

Mr. Krehbiel is a lifetime chiropractic advocate and longtime corporate member of the WSCA. He entered the chiropractic profession in the 1980's and has served as office manager of two clinics with nine doctors and twelve staff. In 1996 he started PBM, joined the WSCA and has supported every convention since that time. Plans are underway for WSCA sponsored seminars with him, as dramatic changes will be occurring in the near future with the new ICD-10 codes and Medicare insurance billing.
